

KAEFER

> **Hanseatic Explorer, Berne/Motzen (Germany)**

Project Description	A 48-metre-long training vessel with nautical equipment and capacity for 12 trainees and 12 passengers
Location	Fassmer Werft, Berne/Motzen (Germany)
Construction Period	From January to October 2006
Shipping Company	Harren & Partner GmbH, Peter Harren
Shipyard	Fr. Fassmer GmbH
KAEFER Services	Supply and installation of interior units for crew cabins and guest area which was fitted with LOLAMAT panels, technical insulation and cladding, assembly of all deck fittings, cold-storage rooms and galley, sauna, fitness room, sanitary facilities and all the shelving systems
Challenges	Tight schedule and a large number of subcontracts
Our Solution	Close collaboration as well as continuous coordination between the construction site management and the KAEFER project management with regard to execution and deadlines
Benefit for the Customer	Because of the large extent of the „interior outfitting“, the shipyard had chosen only one contracting party (KAEFER), for the execution of the project as well as for any guarantee work.
Contact	KAEFER Schiffsausbau GmbH, Bremen, Germany
